Industry Session Agenda

The list of industry session talks is as follows:

- Microsoft: Chris Granade, *From Quantum Programming to Quantum Development*
- Cambridge Quantum Computing: Tom Benjamin & Krithik Puthalath, *Cambridge Quantum Computing - Focus Areas*
- Raytheon: Zachary Dutton, *Research and technology for scalable quantum computing*
- Baidu: Lijing Jin, *Introduction to Baidu Quantum Program*
- Google: Dave Bacon, *Google Quantum Computing Beyond Swag*

We encourage the audience to participate in the session with their questions for the industry session speakers.
